## Introduction

Full-Stack Developer with 15+ years of IT experience, specializing in modern commercial web development using TypeScript, React, and Next.js. Successfully delivered 10+ production-ready projects within this stack. Expert in translating business requirements into robust, scalable web applications.

## Latest Projects

**Donis.Dev** (2025)  
Next.js 16 SPA

My personal website showcasing my projects and contact information.

**VibeVenue.com.tr** (2025)  
Next.js 16 Full Stack

Our company website with comprehensive admin panel to manage incoming messages, create news articles with ai integration, send emails using AWS SES.

**Gorel.im** (2025)  
Next.js 15 Full Stack

A free to use link shortening service. Can create short links like gorel.im/donis. Users can log in to manage their urls, add password, view simple analytics etc.

**BrawlQuest.com** (2023)  
Next.js 14 Full Stack

BrawlStars (Mobile Game) progress tracking app. It's been running and being updated since 2023. It has 1.1k active monthly users (google analytics – 2025 november).

**Other Projects** (2008-2025)

Please visit [Donis.Dev](#) for many more of my projects and their details.

## Experience

**VibeVenue** 2023-Ongoing  
Co-Founder & CTO

We provide kiosk applications and kiosk services for events and organizations. Some of the apps I've developed so far are AI photobooth, interactive table, quiz game, video duet app, body tracking dance game, and various other mini games.

Responsibilities

- App development and DevOps.
- Handling Raspberry Pi's for Kiosks.
- Monitoring app statuses and vps'
- Researching new technologies and ai models.

**Unikim Fertilizers** 2008-Ongoing

IT & Web Developer

I've been managing many aspects of our family-owned small business since 2008.

Some of my tasks are

- Web development and deployment.
- Managing web content and SEO.
- Creating product and industry related copy for web and catalogues.
- Designing catalogues and other marketing instruments.
- Designing and preparing product labels for print.
- Developing internal applications and excel sheets.
- Managing email accounts.
- Maintaining office computers and network.
- Product and process research.
